## DOUBLE HELIX WATER IS A ONE-OF-A- KIND PRODUCT

"We consider Double Helix Water important to wellness and the treatment of various disease states for many reasons.

1. Double Helix Water carries more oxygen allowing for greater oxygen delivery to your cells. Low oxygen is associated with the inflammation that underlies virtually every chronic disease state.

2. Science behind Double Helix Water shows increased antibody production by the immune system."

*Global Alliance for  
Regenerative Medicine*

## A DOCTOR'S TESTIMONIAL FOR FASTER RECOVERY TIME

"Patients who are using the Double Helix Water along with my regular protocols are seeing faster recovery times."

*Randolph M. M.D.,  
Virginia*

## SUPPORTS THE FIGHT AGAINST INFLAMMATION THAT LEADS TO PAIN

Some practitioners state Double Helix Water helps support the body's natural process for cells and injured tissue that becomes inflamed, by carrying more oxygen and thus allowing for more oxygen to be delivered to the cells. Low oxygen levels are associated with the inflammation that underlies or accompanies virtually every diseased state.

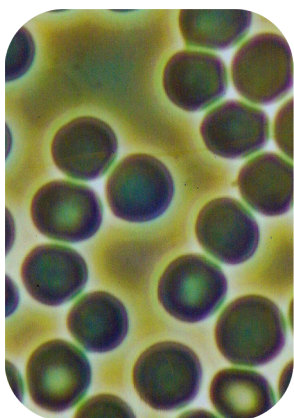

### LIVE BLOOD ANALYSIS

The following photographs are real images

BEFORE

**BEFORE:** Unhealthy irregular-shaped red blood cells and white shaded areas in the center prevent cells from floating freely and performing their job properly. This may result in illness and disease.

AFTER

**AFTER:** 15 minutes after drinking 3 drops of Double Helix Water diluted in distilled water. The red blood cells have now taken on a more consistent, plump, and healthy appearance. They are no longer stuck together and are now functioning properly.

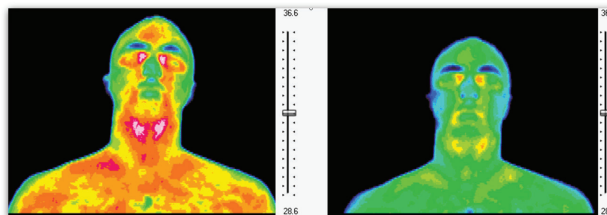

## THERMAL IMAGING: THE POSITIVE EFFECTS OF DOUBLE HELIX WATER

Temperature is considered a reliable diagnosis for inflammation. Thermal images show clear changes in temperature after the use of Double Helix Water.

Reduced inflammation can positively affect any treatment program.

These images can be viewed showing the effects of Double Helix Water after only 15 minutes.

Notice that after drinking Double Helix Water, the inflamed area shows a considerable change in temperature. Results like these speak for themselves.

AFTER

"Since adding Double Helix Water to our treatment programs in our clinic, we are getting an average of 30 percent improved recovery times with our patients."

Dr. Raymund Hilu M.D.

Speaking at the US Water & Health Conference at Caltech, 2013.

## STABLE WATER CLUSTERS BASED ON REAL SCIENCE

### STABLE WATER CLUSTERS FORMING A DOUBLE HELIX

The image to the left was taken with an Atomic Force Microscope and shows water molecules clustering into a double helix shape. The similarity to DNA structure is startling.

Believed to originally occur in nature and undiscovered until recently, Double Helix Water is the result of breakthroughs in science allowing the conversion of ultra-pure water into our unique double-helix-shaped Stable Water Clusters.

D&Y Laboratories has a Class 100 Clean Room complete with the latest technology and some of the most advanced scientific equipment available today, including a custom designed water purification system, existing nowhere else on earth.

Double Helix Water is backed by over a decade of scientific breakthroughs and has been the subject of major university studies worldwide, including a double-blind study at UCLA that concluded that Stable Water Clusters stimulate the immune system's response capabilities.
